

## INVITATION FOR BIDS

Bosnia and Herzegovina

Energy Community of South East Europe (ECSEE) APL3 – Bosnia and Herzegovina Project

Replacement of Equipment for Environmental Protection Monitoring in TPP Kakanj  
No. EPBiH-ECSEE-APL3-A1-TPPK-03/09-WB

Credit No. 4197- BOS

1. This invitation for bids follows the general procurement notice for this project that appeared in *Development Business*, issue no. WB2568-730 of June 25, 2008.
2. The Bosnia and Herzegovina has received a credit from the International Bank for Reconstruction and Development toward the cost of Energy Community of South East Europe (ECSEE) APL3 – Bosnia and Herzegovina Project, and it intends to apply part of the proceeds of this credit to payments under the contract for Replacement of Equipment for Environmental Protection Monitoring in TPP Kakanj No. EPBiH-ECSEE-APL3-A1-TPPK-03/09-WB.
3. The JP ELEKTROPRIVREDA BiH d.d. – Sarajevo now invites sealed bids from eligible bidders for Replacement of Equipment for Environmental Protection Monitoring in TPP Kakanj.
4. Bidding will be conducted through the international competitive bidding procedures specified in the World Bank's *Guidelines: Procurement under IBRD Loans and IDA Credits*, issue May 2004, and is open to all bidders from eligible source countries as defined in the guidelines. Qualification requirements for bidders, including members of joint ventures, subcontractors or vendors:  
The Bidder shall submit with its bid documentary evidence established in accordance with ITB Clause 2 that the Bidder is (1) eligible to bid, and is (2) qualified to perform the contract if its bid is accepted.

(a). Eligibility: Nationality, Conflict of Interest, Bank Ineligibility, Government Owned Entity, United Nations resolution or Borrower's country law.

The Bidder will submit original documents:

- Defining legal status and principal place of business
- Statement that there are no Conflict of Interest
- In case of Joint Venture (JV) JV agreement
- Litigation History for last five years

(b). The Bidder shall submit with its bid the documentary evidence of the Bidder's qualifications to perform the contract, if its bid is accepted, to the Employer's satisfaction that the Bidder has the financial, technical, production, installation and other capabilities necessary to perform the contract:

Qualification requirements for bidders, including members of joint ventures, subcontractors or vendors:

**Financial Situation:**

**Financial Performance;** The Bidder must demonstrate that he has access to, or has available liquid assets, unencumbered real assets, lines of credit, and other financial means sufficient to meet the construction cash flow estimated as EUR 78.000 equivalent, net of the Bidders commitment for other contracts.

**Average Annual Construction Turnover;** The Bidder must have a minimum average annual turnover of EUR 1,9 mill. equivalent per year, calculated as total certified payments received for contracts in progress or completed within the last 5 (five) years.

For the purpose of proving the above mentioned the Bidder will submit original documents:

- Bank statements as evidence of Financial Performance
- Audited balance sheet and income statement for last five years and Bidders's statement as evidence of Average Annual Construction Turnover

**Experience:**

**General Construction Experience**

Experience under construction contracts in the role of contractor, subcontractor, or management contractor for at least the last five (5) years prior to the bid submission deadline, and with activity in at least nine (9) months in each year.

**Specific Construction Experience**

Participation as contractor, management contractor or subcontractor, in

- at least three (3) contracts for installation of continuous automatic monitoring system :
  - emissions of pollutants into the air (extraction system on thermal power units with power of 100 MW and higher) within the last five (5) years, each with a value min. EUR 300.000,00.
  - Station for monitoring the parametars of quality of air, weather and meteorological parameters within the last five (5) years

that have been successfully and substantially completed and that are similar to the proposed works. The similarity shall be based on the physical size, complexity, methods/technology for required contract that evidenced experience in designing, procurement and supply automatic monitoring systems.

In case of joint venture, sub-items above apply as follows:

- The lead partner shall meet not less than 50 percent of all the qualifying criteria.

Subcontracting is not permitted to exceed 30% of contract price. Bidders shall include with the bid a list of subcontractors (if any) for major items of supply and services, with elements of work/items and the proposed subcontractor(s)/sub-supplier(s) clearly identified including their past experience/capacity. In general for items of supply, the sub-supplier must have successfully manufactured and supplied in any one of the last five years, the quantity being proposed for subcontracting, which are in satisfactory operation/use for the past two years as on the date of tender opening. For elements of work the subcontractors must have completed at least one work of similar nature, complexity, and requiring construction technology similar to the proposed subcontract during the last five years.
